Issues from last week

No major issues

NuMI:

~5-hour downtime last Wednesday

Sump pump failure in the NuMI pretarget area

System has 2 pumps in walkway and 2 pumps to pretarget hall

1 pump in pretarget hall failed and took down the power circuit

Fixed

Now redundant system on separate power lines

To do during next downtime

Repair unit B dehumidifier (1 of 2 units) which is not functioning

Set up more permanent electric feed for sump pumps

Work on control unit for pump in absorber hall
